**LEW STRAYER GETS
FIVE YEARS IN PEN.****Plea for Mercy Cut Short by
Court and Sentence
Passed.****SENTENCED ON ONE CHARGE****Other Two Will Be Held Over Him
After His Term Is Up to Insure
Good Behavior—Trotter Water Com-
pany Verdict Is Reduced.**

UNIONTOWN, Nov. 16.—Lew Strayer, convicted of forgery, was sentenced this morning to five years in the penitentiary and had his impassioned plea for mercy cut short by the court. Strayer was explaining his troubles and how much mental agony he had suffered since committing the crime. "Your agitation is extreme," remarked Judge Umbel, breaking the speech in half, "but we see you cannot produce any more."

Sentence was then passed. Attorney A. E. Jones spoke in Strayer's behalf, stating that he was on the way to Pittsburgh to write a \$10,000 policy when arrested in Connelville. He further stated that L. S. McMillan, one of Strayer's bondsmen, was willing to reimburse those who lost through Strayer's note operations and would give the defendant employment. Sentence was passed on one of the three counts of the indictment, the other two being suspended for good behavior after the first term expires.

Thomas Clark of Uniontown was given 6 months in the workhouse for stealing eight chickens from J. M. Hinchey. Clark is a white man.

Harry Holliday was sent to Huntedown after admitting two thefts at Moyer on November 6. He is 23 years old.

A note was entered in behalf of Constable Adam Brown of Evansburg, who was arrested on a charge of arresting Corn Kohrman without a warrant and making improper proposals to her. The plaintiff desired to withdraw the information and the case was dismissed.

Walter Weir, Jr., son of Walter Weir of Uniontown, was placed in charge of Attorney D. M. Herlihy. The boy was charged with incorrigibility and will be sent to Morgantown if he comes before the court again.

Annie J. Tate was given a divorce from her husband, Walter M. Tate, this morning. Infidelity was the charge.

Judgment for \$185.52 entered for J. H. O'Neil against Joseph Trebits by the office of the Peace William H. Mower was reversed by the court for want of jurisdiction.

The petition for the dissolution of the Uniontown Engineering & Construction Company was filed and will be granted on December 14 if no objections are entered.

A motion for a new trial in the case of Blanche Reicher against the National Relief Assurance Company was overruled.

The court issued an order granting a new trial to the Trotter Water Company, which was sued by Wash Herd and others, unless the plaintiffs, within 15 days, file a paper remitting all of the \$2,000 verdict against the company over and above \$750. The court believed the verdict excessive.

Arguments were made this morning in the equity suit of Anna C. Humbert against the West Penn. Mrs. Humbert seeks to restrain the defendant company from depriving her of free transportation and free electric light, under the terms of an agreement for the transfer of certain property in South Connelville.

In the estate of Mina A. Harry C. Boyd, C. and Martha C. Galtman, minors, the petition of the guardian, E. P. Galtman, asking for the approval of a sale of real estate in Power, Tyne township, the order was granted.

The petition of William P. Soleson, guardian of John W. Hilda A. Emma I. Adeline R. Soleson, asking for a confirmation of a private sale of real estate, the court ratified the sale, the land of the guardian being fixed at \$2,000. The bond was filed.

ALL HOPE IS NOW ABANDONED.**St. Paul Mine at Cherry, Ill., Is Sealed With Its Victims and Efforts Are Bent to Extinguish Raging Fires.**

United Press Telegram.
CHERRY, Ill., Nov. 16.—All hopes of saving the lives of the miners entombed in the St. Paul mine were blasted today when the shafts were hermetically sealed. The officials are bending all efforts to fight the fire raging beneath the surface.

No effort will be made today to penetrate the depths, experts declaring that no one could live. Chief Moran of the Chicago fire department and six expert firemen arrived by special train, bearing 50,000 gallons of water, hoses

and chemicals. A hole was cut in the cover of the main shaft and the hose dropped, in the hope of controlling the fire.

It is believed the fire can be extinguished tonight or tomorrow. A search will then be made for the bodies.

The tolling of the survivors burst forth this morning in a denunciation of the company, saying it is responsible for the fire for not repairing the electric light cables properly and allowing torches to be used.

ing This Evening.**

The Finance Committee burned midnight oil last night and went over the exoneration list until all the figures looked like a blur. When interest lapsed Chairman W. H. Thomas announced an adjournment. The members of the committee went over the 1905 exoneration presented by Tax Collector George B. Brown. The committee, it is said, will continue its meetings until the exoneration are brought up to date.

The list presented by Tax Collector Brown is only the beginning. It is said that in the future the Finance Committee proposes to keep in closer touch with the Tax Collector and his exoneration instead of passing them in blanket form as has been done in the past.

Borough Solicitor S. R. Goldsmith reported on the matter of the liens that were filed on November 2 for the old paving bills, together with a list of those who paid their assessments prior to the expiration of the time limit.

Town Council will take up these matters at its regular meeting this evening. It is expected that the report paying will be approved by the council, it having met with the satisfaction of the Street Committee.

United Press Telegram.
WASHINGTON, Nov. 16.—President Goetsch, Vice President Mitchell and Secretary Morrison of the American Federation of Labor, now in Toronto, will arrive in Washington Monday to register an appeal to the Supreme Court of the United States. The United States Attorney wired them at Toronto today that while the mandate will be handed down Saturday, it will not be necessary for them to be present.

The Supreme Court is now recessed for two weeks and the attorneys of the Federation are at sea as to what action to take to prevent the men from having to start their jail sentences.

They will probably get a writ of habeas corpus issued by some Justice of the Supreme bench, which is possible.

Young Man Who Did Shooting
Claims He Acted in Self Defense.****Special to The Courier.**

DONEGAL, Nov. 16.—Gay Snyder, aged 20, was killed and Lloyd Pile, aged 17, seriously stabbed in a family feud fight that occurred on a public road near here last evening. Snyder was shot by Samuel Pile, a brother of Lloyd Pile, after it is claimed, Snyder had stabbed Lloyd Pile.

Snyder encountered Pile and his brother, Samuel Pile, on a road between Jones Mills and Horner's Mills in Chestnut Ridge and a fight started. Snyder is said to have drawn a knife and attacked Lloyd, inflicting serious cuts. Samuel, it is alleged, killed Snyder with a shotgun. Lloyd was taken to a nearby farmhouse. He and Samuel were arrested by Constable J. P. Mills.

At a hearing before Justice of the Peace M. J. Miller at Jones Mills, the brothers were held for court on a charge of murder, preferred by Isaac Snyder, father of the dead boy. Lloyd was in such a serious condition that he could not be taken to the county jail at Greensburg.

The feud started last winter when the Snyders moved to Chestnut Ridge. The trouble is said to have grown out of a dispute between women of the opposing families. Last summer, Mrs. Isaac Snyder and her children, Gay, Charles, Jesse and Ida, were arrested and taken to jail charged with assault and battery, preferred by John Pile, father of the two now in custody. At a hearing the Snyders were released and the courts of the case divided between the two families.

Last night the trouble was started afresh, and the Pile boys were armed today when they met Snyder, who had been setting traps for game in the woods near his home. Snyder was unarmed save for a pocket knife.

**GIGANTIC STRIKE
OUT OF SYMPATHY****Planned for Two Weeks, When Ameri-
can Federation Officers Are
Imprisoned.**

PHILADELPHIA, Nov. 16.—Plans for a general strike by wage-workers throughout the country for a period of two weeks, beginning on the day the officers of the American Federation of Labor are imprisoned for contempt of court, were inaugurated here today at a meeting of the Central Labor Union.

Resolutions to this effect were unanimously adopted by the union, which represents about 75,000 workers in many lines of employment in this city.

Copies of the resolutions were sent to the convention of the American Federation of Labor, now in session in Toronto, Canada, and it was decided to appoint a committee of five in this city to perfect plans by which organized and unorganized wage workers may unite to make the strike of effective.

**John C. Shaw's Connection With W. Va. Coal Deal
Was Straightforward and Honest; Not a Bankrupt.**

John C. Shaw of Uniontown, whose name was mentioned in The Courier a few days ago in connection with a West Virginia coal deal, in which some of the purchasers were said to be not entirely satisfied, called this morning and protested particularly against the possible conclusion that he had not been entirely straightforward and honest in the deal.

He said in substance that he had solicited subscriptions to the pool or combination which bought the coal, but that he acted only as an agent under commission; that the money was all paid into the hands of another

party, who was trustee for the owners of the coal; that he did not handle a dollar of it; that the transaction was legitimate. He brought with him his brother and a couple of other West Penn people to certify that they were entirely satisfied with their purchase. He said they were and they didn't deny it.

Private inquiry confirms the statement that Shaw acted only as agent in the matter and received no portion of the money and is in no wise responsible for any defects in title or other objections which the purchasers may have to their bargain. More-

**WEST ZOLLARSVILLE IS BURNED.
Fire Sweeps Little Town in Washington County, Buck-
et Brigade Proving Ineffectual to Check It—Loss \$50,000.**

United Press Telegram.
WASHINGTON, Pa., Nov. 16.—The entire business section of West Zollarsville, 12 miles east of here, was swept by fire early today with a loss of \$50,000. The fire started at 11 o'clock last night in the store of Jacob Lotokovitz, and spread rapidly. Bucket brigades were formed but were in vain to fight the fire. It gained headway and spread until another store building, a residence, stable and several small buildings were destroyed. The stores destroyed

were the largest in town and the stock in each was a total loss with some insurance.

Farmers, attracted by the blaze, drove into town to assist in fighting the flames, but they were uncontrolled until early this morning.

Had word have been sent from other towns in the county, but there was no means of getting equipment to Zollarsville and no water system to attach hose to if fire companies had come. All of the buildings destroyed were frame structures.

WASHINGTON, Nov. 16.—Attorney General Wickham and Secretary of the Treasury MacVane are busy engaged today preparing sugar fraud data for presentation to President Taft during the cabinet meeting later in the day. It is expected a greater part of the cabinet's time will be taken up discussing the sugar cases.

It is known the President has given instructions to sift the sugar scandal to the bottom and use all possible means to bring those criminally concerned to justice.

Representative Herbert Parsons and not a single Republican politician of New York have been touched by the scandal. This answer is made to the charge that Collector Loeb removed several well known Republicans from the payroll for cause.

NEW YORK, Nov. 16.—(Special.)—J. R. Hendernagel, former superintendent at the Brooklyn warehouse docks of the American Sugar Refinery, Officer Spitzer and five trust workers were arraigned in court today and pleaded not guilty. Hendernagel was released under \$5,000 bail and the bonds of the others continued.

The defendants are given a week in which to make any motions and file demurrers. Notice was given the District Attorney that the defendants will resist any attempt to have the trials begin November 29 before Federal Justice Martin. They say that owing to the public clamor against the sugar trust it will be impossible to get fair trials in this district.

School Can Be Ignored No Longer.
Big Taxpayers Are Content.**

The committee of the School Board having in charge the matter of building an addition to the High School building held a meeting last night to frame up their report to be presented at the next Board meeting. Up to this time the committeemen, I. A. Armstrong, B. J. Thomas and Jos. F. Metzger, conducted their investigations independently.

The committee will, in all probability, recommend the employment of an architect to prepare plans and specifications along practicable lines. The present idea is to occupy the space in the rear of the present building for the new structure.

The committee met on short notice last evening at the office of Dr. G. W. Gallagher, President of the School Board and ex-officio member of the Board. After \$4,000 in bonds mature December 1 the Board can float a \$30,000 bond issue without exceeding the 2 per cent. limit of indebtedness. The committee will recommend to the Board the erection of an addition and a bond issue to cover the cost.

A bond issue will be necessary and this feature is one that is giving the committee considerable trouble. All the present bonds mature in 1919 and after that it will be clear sailing. To take care of the present bonds and yet provide for the additional issue that will be necessary is puzzling the Directors.

"We are handicapped by the objections to increased taxes," explained Chairman J. A. Armstrong of the Finance Committee today. "While the larger taxpayers have made no complaint, it is the little fellows who always register the loudest kick against any increased taxation."

"We should have raised the millage this year, but deferred to popular sentiment against such a movement. The man who pays about \$1.50 school tax and has two or three children in school does not realize that every child in the grades costs the school district from \$40 to \$50 a year, while a child in the High School means an expense of about \$80. The man who does not own property, yet sends his children to school, comes out a long ways ahead of the game."

"We simply must have additional High School facilities," said Mr. Armstrong. "The present building is crowded to its utmost and we are caring for some of the pupils in the old Fourth Ward building. This arrangement is unsatisfactory and I look for complaints when the weather becomes cold and inclement because the pupils in the old building are required to make several trips a day between their class rooms in the old structure and the study rooms in the High School."

One matter that is causing no little concern is to arrange a way of securing a larger assembly hall and at the same time make provision for study rooms. An assembly room large enough to accommodate all the High School pupils would be too large for a study hall. Arrangements will likely be made that the room can be divided into two sections for study purposes and thrown into one when an assembly room is needed.

**SET ASIDE A DAY
FOR THANKSGIVING****President Taft Issues His First Pro-
clamation From the White
House.**

WASHINGTON, Nov. 16.—(Special.) President Taft signed the annual Thanksgiving proclamation which was issued by Secretary of State Knox. It follows:

"The season of the year has returned when, in accordance with the reverent custom established by our forefathers, the people of the United States are wont to meet in their usual places of worship on a day of thanksgiving appointed by the civil magistrate to return thanks to God for the great mercies and benefits which they have enjoyed."

"During this past year we have been highly blest. No great calamities of food or tempest or epidemic sickness have befallen us. We have lived in quietness, undisturbed by wars or rumors of wars."

"Therefore I hereby appoint Thursday, the twenty-fifth day of November as a day of general thanksgiving."

CURES REMOVE DOUBT ABOUT ECZEMA CURE.

Read What Your Druggist Says About Oil of Wintergreen Compound.

Druggist J. C. Moore submits the following to the readers of The Courier:

For several years we have announced, with our recommendation, that we had found a positive cure for eczema; a simple skin wash oil of wintergreen compounded with other healing ingredients.

Yet we know there are people right here in this town who have eczema, and still have never tried this remedy.

We have, therefore, arranged with the D. D. Laborer of Chicago for a special offer of a trial bottle at 25 cents instead of the \$1.00 bottle and regularly sold.

We offer this trial bottle with our recommendation and assurance that just as soon as the patient washes his itching skin, this mild liquid will take the itch away instantly.

TUESDAY EVENING, NOV. 16, 1909.

THE THREATS OF THE WALKING DELEGATES.

The Un-American Federation of Labor, in session at Toronto, Canada, has formally declared war to the death upon the United States Steel Corporation. They recognize in the latter the embodiment of the present popular Open Shop policy, and they will make an effort to unionize all the mills and mines and other industrial operations of this gigantic corporation.

The walking delegates are desperate over the growth of the Open Shop policy, for the very moving reason that under this plan their royal powers and revenues have sensibly diminished; and so it is proposed by these labor despots, with the able assistance of the hard-earned dollars of honest and industrious workmen now at their command, to restore their lost powers, prestige and perquisites under the specious guise of promoting the welfare of American workmen.

The question for labor to decide is whether it is better off under the arbitrary domination of the labor union autocrats, with their senseless and costly sympathy strikes, personal held-ups and petty graft of all sorts, or under the fair and open and liberal treatment which it has been the settled policy of the Open Shop to accord its employees, and whose example in this regard, has usually not the wages for all lines of industry in which it is engaged.

We have been accused of being biased in favor of the corporations and against labor. That is not true. The Courier is neither an organ of labor's oppression nor a demagogic lickspittle of organized labor; it is neither for nor against the STEEL TRUST or the LABOR TRUST; it is for the OPEN SHOP, FAIR PLAY, the SQUARE DEAL for everybody and the upholding of that FREEDOM OF CONSCIENCE AND ACTION which is the BIRTHRIGHT OF EVERY AMERICAN CITIZEN.

The senseless demands and the suicidal strikes of trades unions have cost Conneltsville dearly in the past, because its citizens and business men have not always had the courage of their convictions.

Let us be MEN, not MICE.

MAKE THE CONSUMER PAY THE FREIGHT.

The Pittsburgh district coal operators are said to be contemplating a reduction in wages next year because the margin of profit in their business is not sufficient, and it is announced that the miners will fight the reduction to a bitter finish because they aver they cannot at the present cost of living subsist on less wages.

It is perhaps true that the margin of profit in the coal business is not as large as it should be, or as great as the operators would like it to be; and it is doubtless also true that the miner cannot live comfortably on any less wages than those which he is now getting.

In such a condition of affairs it would seem to be the part of justice and wisdom for the operators to follow the law of business evolution and make the consumer pay the freight, provided the law of supply and demand will permit this solution of the problem. The law would seem to permit. The demand for coal is brisk; in fact, the coal business did not suffer so much during the depression through which we have just passed as did the iron and steel and coke and ore trades. The demand for these products is now large and insistent, and prices have advanced accordingly.

We see no reason why coal operators cannot mark up coal prices sufficiently to give them a decent profit on their investment without having to reduce wages; in fact, it would be more in keeping with the times if coal prices were advanced sufficiently to give the miners some advance in wages; and it would be more wise and gracious on the part of the coal operators to follow the example of the coke operators and hand out the advance without being compelled to produce it at the point of the bayonet, which is to say after a long and bitter and perhaps riotous and ruinous strike.

FRANCHISE FOR LOOP GRANTED WEST PENN

Secure Right For Two Routes Over
the Streets of Uniontown
From Council.

UNIONTOWN, Nov. 16.—The West Penn Railways Company was granted a franchise last night by Council covering two proposed routes in Uniontown, one of which will be the much discussed loop. The company, four weeks ago, presented an ordinance covering four routes, but since another company in which William Allison, T. J. Mitchell and W. A. Stone are interested was granted a franchise it withdrew all but two.

The first begins at Morgantown and Main street, runs southwest on Morgantown to South street and west on South to Kromer's alley, or the west line of the Nathaniel Brownfield property, and also along two alleys between West Main and West South streets, and located between Morgantown street and Mount Vernon avenue.

The second begins at the present West Penn line opposite the Tiltow alley runs to West Peter street, east on Peter street to North Arch street and then north to the right of way of the Pennsylvania railroad, with the right to cross Mt. Vernon avenue with an overhead bridge.

Bill Woods Had Molar Removed in
Uniontown and Stopped Off
Here to Ease Up Pain.

Although William Woods, colored, had his tooth pulled in Uniontown yesterday, he got the subsequent jag in Conneltsville and was picked up by the police here. Woods said he was on his way to Greensburg, but the trip was postponed long enough to let William do 45 hours in the bastille here.

Fred Pennington, whose home is in Virginia, but who last week in a Garrett barber shop, was arrested yesterday for being drunk and a nuisance. He wanted to get off awfully bad, to take a job in Pittsburgh, but Burgess Evans held him for the usual jag sentence.

Joseph W. Flynn of Martinsburg came here Sunday looking for work and was still looking when the police caught him. He was given 15 minutes to get out of town.

WILL SAVE MILLION IN ELECTION EXPENSES

Tax Payers Will Benefit From Passage of Constitutional Amendments.

HARRISBURG, Nov. 16.—The people of Pennsylvania will save over \$1,000,000 a year as the result of the ratification of the constitutional amendments abolishing the February election. Over \$500,000 of this sum will be saved from public funds and the remainder will be saved by committees and individuals, to say nothing of the saving in health of people who have to run about in the winter weather preceding the elections in the second month of the year.

Up at the State capitol it is figured out that \$200,000 will be saved in bills for primaries. The primaries held in January of the last three years have run from \$140,000 to \$150,000 in round numbers, not including bills not allowed. The figures for the January primaries for this year are not all worked out, being now in process of auditing, but on their face they run over \$150,000.

The cost of the January primaries last year, when the State paid the bills, was \$134,816.22. The year before, when the State paid the bills for the first time, the cost reached \$140,156.75. Some of the claims made for these primaries were not allowed. Not all counties are required to hold January primaries under the uniform primary act and consequently a number of those which do not contain third class cities held to the old system when the party committee paid the bills. Estimating on the expenses of these primaries the cost of a January primary reaches \$200,000.

State officials estimate that a primary costs about two-thirds as much as an election in expenses borne by the public treasuries. If this is so the cost of each February election in pay of election officers, rent, ballots and other expenses must run between \$40,000 and \$275,000.

THE SCOTSDALE DOCTORS ATTEND

The Fiftieth Annual Banquet of the Westmoreland Medical Society.

OLD TIME MINUTES ARE READ

Member of Peary Arctic Expedition and a Member of the County Society One of the Speakers—Other Notes of News.

SCOTSDALE, Nov. 15.—Scottdale was represented by a number of physicians who attended the fiftieth annual banquet of the Westmoreland County Medical Society which was held at the Hotel Ruppel in Greensburg yesterday afternoon, when 11 doctors enjoyed a sumptuous course dinner. The speakers were seated at a large table in the center of the dining room, and smaller tables surrounded this. Dr. L. T. Gilbert of Scottdale, the President of the county organization, was the first speaker. Dr. James P. Strickler also of Scottdale and the Secretary of the society for a number of years past read the original minutes of the meeting held a half century ago.

At that time Dr. Long was President, Dr. Nelson Vice President, and Dr. James Anawalt Secretary. The latter was then a practicing physician in Greensburg and later moved to Scottdale. Dr. A. W. Strickler and Dr. Claude W. McKon were other physicians present from Scottdale. The guests of honor were Dr. J. W. Goodsell of New Kensington, a member of the county society who accompanied the Peary expedition to the North Pole. He gave a talk principally on the lives and character of the Eskimos as he had observed them. He said nothing about the pole controversy. He was not with the party that reached the pole and said that it was a pity for the party to go out in divisions, staying out one day and then coming in two days in the ship or camp. In the 350 days that he had been on the expedition he had been out 195 days. Drs. Lawrence Latchford, Dr. Beach and Dr. James Milligan of Pittsburgh, and Dr. Waggoner of Johnstown, were other guests of honor.

TIGERS TUMBLE; ATHLETICS WIN.

Biggest Surprise of the Season in Duckpin League Last Night.

DROP THREE STRAIGHT GAMES

Captain Wright's Men Do Not Display Their Usual Form While Athletics Come Near Setting Some New High Marks.

League Records.			
High Game—S. H. Dobble, 129.			
High Total—S. H. Dobble, 310.

Athletics	11	22	.333

The Tigers tumbled from their lofty perch on the Temple alleys last night when the lowly Athletics, the trailers of the Connellsville Duckpin League, rolling sensational games, made a clean sweep over the league leaders. The Cubs are now so close to first place that they may pass the cheery Jangle-men before the week is past.

The Athletics uncorked some deep stuff on the trusty Tigers. They rolled in great style, and but for the new record hung up by Captain Wright's men last week, would have established a new team total record. They made 1,421 in the three games, which is the highest yet rolled, save one.

The Tigers were handicapped by the absence of one of their regulars, but in any event the result would hardly have been changed. While the first game was close, going to the Athletics by the narrow margin of 9 pins, the other two games were walk-aways for the winners. When a six-man team piles up scores of 512, 555 and 551, it is going some. The Tigers beat this last week, with 563, 525 and 554, and hung up a record that is likely to remain for the balance of the season.

This Athletics are just striking their stride and will make trouble for the other three teams from now on, or it will be surprising. They have shown class at all times this season, but the breaks were against them. Nearly every defeat was by a small margin. Take last week, for instance, when the Cubs won three games, by so close a score that there was never a time until the last frame was rolled that the Athletics could not have won. Breckman was the star last evening, his total being 297. Hooper and Young also rolled exceptionally well. Dehnor and Bell starred for the Tigers, but Wright's team was out-classed the score.

A Secret No Longer.

Practical and Easy Plan Which Carries Beauty With It Everywhere. For the woman who owns a Harlan Beauty Cup, there are no "massage secrets," because with this wonderful appliance better results can be secured, and in quicker time, than by any expert hand operator. The Beauty Cup is made of pure Para rubber, acts by a gentle vacuum process, and in addition to quickly dispelling wrinkles, has a marked, emollient effect by the manipulation it gives the skin both on and beneath the surface.

In the same laboratory which makes the Beauty Cup, the famous Crown Cream is produced. This is unquestionably the leading face cream of America—a position won by merit. No other toilet cream can perform the same service, because Crown Cream possesses healing and nourishing ingredients not to be had elsewhere. Even without massage it is a wonderful restorer of wasted and pallid complexions, giving new tone and energy to the starved tissues. Used in connection with the Beauty Cup, a quality of massage is secured, that cannot be had by any other means. While it is more mild than hand massage, it is vastly more effective. Crown Cream is everywhere at one a par and this is the price of the Beauty Cup as well. If your dealer has not these goods, write no time but order direct from the Harlan Mfg. Co., Toledo, O., and the article will come prepaid upon receipt of the price.

GREEN ROOM CHAT.

THE SOISSON.

"Billy the Kid." One of the biggest successes of the season in melodrama plays is "Billy the Kid" which is being presented by what is reported to be an exceptionally strong company, and which will be seen here at the Soisson theatre, matinee and night, Thursday, Nov. 18. "Billy the Kid" tells a powerful story of certain phases of the free life of the great southwest, for all the scenes are laid in New Mexico. That of the second act represents a locale which is absolutely unknown in the east for it is a faithful representation of a typical New Mexico saloon, with a dance hall in the rear. Here a number of white women are forced to work and treated no better than slaves, but it is the turning of one of them upon the man who is her master that saves the life of the hero at the immediate life of her own life, and also the saving of the honor of the heroine. The play is full of interest from start to finish and is sure to carry out its good impression when seen here. Seats now on sale at the theatre.

"East Lynne."

Joseph King's company in "East Lynne" will appear at the Soisson theatre, Friday, Nov. 20. Mr. King produced "The Ninety and Nine," the great rural play that had a six months' run at the Academy of Music, New York, and has given his personal attention to the production of the greatest of all emotional plays "East Lynne."

Clothes for the Man Who Cares

Get Into One of Our Good Overcoats. Just a Glance at Them Suggests Comfort

October '09 beats the big October '07. There's a reason. The co-operation of our two stores in buying, and the department store method of distributing maintenance expenses enables us to put better values into our clothes than can be given by an exclusive clothing house. Our general expense is divided among the various departments. The amount apportioned to clothing (or to any other department for that matter) is only a small part of what it would be if the department were run independent of the other.

This enable us to make lower prices than the exclusive store.

The Main Difference Is in The Quality.

Take our \$15.00 Suits for instance. Many of them are made to sell for from \$17.50 to \$20.00. That would not be asking too much for them—but they are in our \$15.00 line. This method of "giving better values" is followed throughout the range of prices. The rapid growth of the department confirms our belief that the policy is a good one.

If you have ever worn one of our suits you know something of their character. Nothing but correctly designed and well tailored clothes gain admission to this store. They are made by tailoring establishments that stand at the head of their respective lines.
